		People		

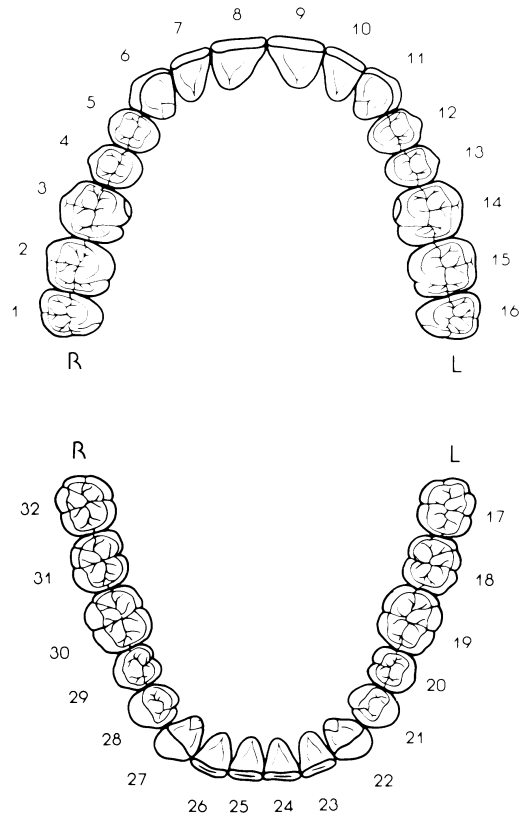

name _____

date _____

1. MED Hx, BP
2. Radiographs: PAN-X FMX 7BW (post- horiz; vert) 4BW
3. Cancer(clavicle neck thyroid parotid skin oral) N A _____
4. Prelim TMJ: N Palpation, Click, Headaches, Pain
5. TEETH- Why missing, drift, crowded, space, X-bite,

MOBILITY (blue) O-slight []-more Δ-severe
WEAR (red)

SHADE _____

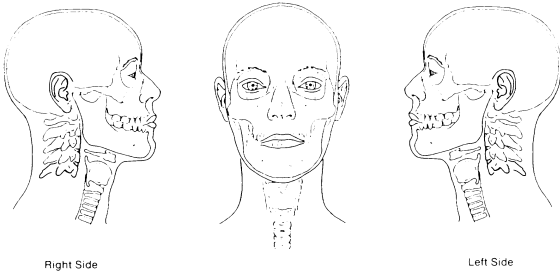

Notes

Past Hx Fx cusps: _____
Test Split teeth: _____
Tooth sensitivity: Thermal Perc Sweet _____
Ging notch _____
Pulp test _____

7. PERIODONTICS

Plaque N SI Mo Sv Interprox gen
Bleeding N SI Mo Sv Interprox gen
Calculus N SI Mo Sv local gen light dark
Recession _____
No Attach ging _____
Perio pockets ___All 3mm and less ___depths charted CASE TYPE _____

TMJ EXAM☐ Preliminary ☐ Emergency**John R. Droter, DDS**Name
Date☐ Comprehensive ☐ Reevaldrdroter@mac.com
